Hi—I tried but I didn't have access to the HUD or HHS calendars.

Can you propose a time for Monday and see if that time works for HUD and HHS?

Marsha, can you do a calendar comparison via outlook for everyone to check?

Thank you,

Did you still want HUD participation? We just released a NOFA for lead hazard control grant applications (\$ amount unknown but usually about \$100-110 million). We also have the revised Lead Safe Housing Rule out now, which is intended to reduce the risk of exposure to children from lead-contaminated dust and soil in the residential environment.

Let me know if you do. If so, Wed is also better for HUD.

Thanks.

You are correct!!!! The meeting is Feb 23 but the dates got mixed up when we switched for the holidays. Chad will send out the recurring invite for the 4th Thursdays. Now that is cleared up- -- I'll schedule a prebrief with you and Amanda—are you available on Tuesday or Wednesday @ 11?

We have had it reserved for the 4th Thursday for years, but we no longer have a calendar invitation that holds it. Has the meeting day been changed permanently to the 3rd Thursday? I thought it was moved because of Thanksgiving/Christmas.

Subject: EJ IWG Discussion on Reducing Lead Disparities

Greetings— at the Jan. 26 monthly EJ IWG meeting, several agencies expressed an interest in learning more about the various reducing lead disparities initiatives. I would like to have a 45 minute discussion at the Feb. 16 EJ IWG meeting around this topic. The Discussion could include:

Update on Federal Strategy to reduce childhood lead levels (Lead Subcommittee of the President's Taskforce on Environmental Health Risks and Safety Risks to Children)

Update on EJ 2020 Lead Disparities Project

Update on other agencies Lead projects

Is there a connection? What is role of feds/EJ IWG? Any “asks” for the EJ IWG.

Please let me know if you are available on Feb. 16 from 2-3:30? I can also set up a call to discuss further.

Thanks!

Marsha
